Calice Degustazione Wine Glass

The ultimate tasting glass for connoisseurs, this perfectly balanced glass was designed in collaboration with the Association of Italian Sommeliers

A project implemented in collaboration with AIS (the Italian association of sommeliers), Calice Degustazione favours excellent visual perception of wine thanks to the perfect clarity and neutral colour of Star Glass. It was designed for tasting all kinds of wines in ideal conditions, and has a special bowl shape to permit optimum oxidation. The perfectly balanced glass is easy to handle and is also visually attractive with its elegant pulled stem and laser cut bowl. The laser etched Bormioli Rocco and AIS logos on the foot of the glass are the prestigious signatures of this exclusive collaboration.
